The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect the Authority and Fund or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Purpose

This document provides an overview of the planned scope and timing of the statutory audits of the Royal Borough of Kingston upon Thames ('You') and Royal Borough of Kingston upon Thames Pension Fund "the Fund" for those charged with governance.

Respective responsibilities

The National Audit Office ('the NAO') has issued a document entitled Code of Audit Practice ('the Code'). This summarises where the responsibilities of auditors begin and end and what is expected from the audited body. Our respective responsibilities are also set out in the Terms of Appointment and Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA), the body responsible for appointing us as auditor of the Authority and the Fund. We draw your attention to both of these documents on the [PSAA website](#).

Scope of our audits

The scope of our audit is set in accordance with the Code and International Standards on Auditing (ISAs) (UK). We are responsible for forming and expressing an opinion on the:

- Council, Group and Pension Fund's financial statements that have been prepared by management with the oversight of those charged with governance (the Audit, Governance and Standards Committee); and
- Your Value for Money arrangements in place for securing economy, efficiency and effectiveness in your use of resources.

The audit of the financial statements does not relieve management or the Audit, Governance and Standards Committee of your responsibilities.

Our audit approach is based on a thorough understanding of the your business and is risk based.

Headlines

Group Accounts	You are required to prepare group financial statements that consolidate the financial information of Achieving for Children Community Interest Company.
Significant risks	<p>Those risks requiring special audit consideration and procedures to address the likelihood of a material financial statement error have been identified as follows:</p> <p>Royal Borough of Kingston upon Thames</p> <ul style="list-style-type: none">• Management override of controls• Valuation of property, plant and equipment being materially misstated• Valuation of pension fund net liability being materially misstated <p>Royal Borough of Kingston upon Thames Pension Fund</p> <ul style="list-style-type: none">• Management override of controls <p>We will communicate significant findings in these areas as well as any other significant matters arising from the audit to you in our Audit Findings (ISA 260) Report.</p>
Materiality - Authority	We have determined planning materiality to be £8.7m for the group and for the Authority (PY £8.7m), which equates to 2% of your prior year gross expenditure for the year. We are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance. Clearly trivial has been set at £436k (PY £436k).
Materiality – Pension Fund	<p>We have determined materiality at the planning stage of our audit to be £7.7m for the Fund, which equates to 1% of your net assets for the year.</p> <p>We are obliged to report uncorrected omissions or misstatements other than those which are 'clearly trivial' to those charged with governance. Clearly trivial has been set at £385k (PY £385k).</p>
Value for Money arrangements (Authority Only)	<p>Our risk assessment regarding your arrangements to secure value for money have identified the following VFM significant risks:</p> <ul style="list-style-type: none">• Budget Management• Savings plans and medium term financial planning• Brexit
Audit logistics	<p>Our interim visit will take place in January and February 2019 and our final visit will take place in June and July. Our key deliverables are this Audit Plan and our Audit Findings Report.</p> <p>Our fee for the audit will be £85,077 (PY: £110,490) for your audit and £16,170 (PY: £21,000) for the Fund, subject to you delivering a good set of financial statements and comprehensive and accurate supporting working papers, and responding to audit queries promptly.</p>
Independence	We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

Key matters impacting our audit

Key business risks

Your current financial position

For 2018/19, you set a balanced budget (net revenue budget of £130m a £1.7m decrease from prior years) incorporating of £4.1m inflationary assumptions and £13.8m of growth which included growth in Adult Social Care and looked after children. There is also investment in the “No Stone Unturned” programme, largely to cover the financing costs of your investment properties. The budget included a challenging savings programme of £22m.

Your current forecast for 2018/19 is an overspend of approximately £1m, the key drivers of which are:

- Ongoing pressures in relation to Unaccompanied Asylum Seeking Children and Special Educational Needs (SEN) Transport within the Achieving for Children budget.
- A shortfall of income in relation to new investment in commercial property which has not yet proceeded.
- Delays in delivering expected savings from Commissioning and Contract management.

Expenditure on services funded by Dedicated Schools Grant continue to overspend. The accumulated deficit is forecast to be £13m by the end of the 2018/19 year. In 2018/19 you received £4.3m additional schools funding (Department of Education advance £3m and disapplication from the Schools Block £1.3m). Funding at this level will not be available in 2019/20. At month 6 the forecast overspend in the schools budget is £2.262m. You have been developing plans to address these issues and without significant changes to the provision or funding of education for children with special education needs and disabilities, the accumulated overspend could reach £46m by 2022.

Your future plans

In 2018/19 your funding from central government via revenue support grant ceased and you joined the rest of London in a pilot to pool and retain business rates. This means you forego a final year of grant funding in favour of retaining (across the pool) 100% of business rate growth. The reliance on business rates means you are dependent, to a degree, on the performance and growth of the local economy.

To address the underlying challenges in your financial position you are pursuing opportunities to:

- improve demand management across all services
- increase customer and client income
- increase commercial activities, and
- make prudent investments.

The current economic uncertainty increases the risks associated with income from your investment properties. The government has also significantly tightened the regulatory framework for local authority investments. You will need to take careful account of this changing landscape in considering any future opportunities.

Changes in senior management and Members

The local elections in May 2018 resulted in a change in administration; 30 of the Council's 48 Councillors are newly elected. You have recently appointed a new Chief Executive.

You are looking to provide a period of stability for the Council following a challenging 12 months.

Our response

- We will consider your arrangements for managing and reporting your financial resources as part of our work in reaching our Value for Money conclusion.
- We will consider whether your financial position leads to material uncertainty about the going concern of your group and will review related disclosures in the financial statements.
- We will continue to engage with Members and Senior Officers to assess how you are performing in addressing your challenges.
- We will consider your arrangements for supporting your savings programmes. We will review the recovery boards progress in working with Achieving for Children and reducing overspends on the Dedicated Schools Grant.
- We will follow up the previous year recommendations in our VfM work.

Key matters impacting our audit of the Fund

External Factors

SI 493/2018 – LGPS (Amendment) Regulations 2018

Introduces a new provision for employers to receive credit for any surplus assets in a fund upon ceasing to be a Scheme employer. This could potentially lead to material impacts on funding arrangements and the need for updated Funding Strategy Statements.

Guaranteed Minimum Pension (GMP)

- Pension funds are continuing to work through the GMP reconciliation process.
- In January 2018 the government extended its “interim solution” for indexation and equalisation for public service pension schemes until April 2021. Currently the view is that the October 2018 High Court ruling in respect of GMP equalisation is therefore not likely to have an impact upon the LGPS.

Changes to the CIPFA 2018/19 Accounting Code

The most significant changes relate to the adoption of IFRS 9 Financial Instruments. In practice, IFRS 9 is anticipated to have limited impact for pension funds as most assets and liabilities held are already classed as fair value through profit and loss.

The Pensions Regulator (tPR)

tPRs Corporate Plan Corporate for 2018-2021 includes three new Key Performance Indicators (KPIs) directly related to public service pension schemes and TPR has chosen the LGPS as a cohort for proactive engagement throughout 2018 and 2019.

Internal Factors

Pooling

The Fund remains committed to pooling its assets with the London Collective Investment Vehicle (LCIV) where suitable mandates become available. To date the Baillie Gifford £35m, Pyrford £79m and Ruffer £35m mandates have transitioned into LCIV with the aim of achieving cost efficiency and gaining access to a wider range of asset classes.

The LCIV launched 3 new funds in the last year and have identified a demand for a fixed income range of products and will announce plans on infrastructure funds property assets next year.

Officers are working with Aon Hewitt to identify options for possible fixed income investment options.

Our response

- We will continue to monitor the position in respect of GMP equalisation and reconciliation. For pension funds the immediate impact is expected to be largely administrative rather than financial.
- We will keep you informed of changes to the financial reporting requirements for 2018/19 through on-going discussions and invitations to our technical update workshops.
- As part of our opinion on your financial statements, we will consider whether your financial statements reflect the financial reporting changes in the 2018/19 CIPFA Code.
- We will keep under review any interaction the Fund has with tPR and tailor our audit approach where necessary.
- Whilst we do not consider the transfer of assets to the pool as a significant risk we will tailor our approach to gain assurance in respect of the completeness and accuracy of the transactions should you take up any of the future mandates utilised by LCIV.

Group audit scope and risk assessment

In accordance with ISA (UK) 600, as your group auditor we are required to obtain sufficient appropriate audit evidence regarding the financial information of the components and the consolidation process to express an opinion on whether the group financial statements are prepared, in all material respects, in accordance with the applicable financial reporting framework. The group audit does not include the Pension Fund.

Component	Individually Significant?	Audit Scope	Risks identified	Planned audit approach
Royal Borough of Kingston upon Thames	Yes		<ul style="list-style-type: none"> • Management override of controls • Valuation of property, plant and equipment • Valuation of pension fund net liability 	Full scope UK statutory audit performed by Grant Thornton UK LLP
Achieving for Children	No		No specific risks identified	<p>Review of outputs from statutory audit of AfC performed by Grant Thornton.</p> <p>Review of disclosures against requirements.</p>

Key changes within the group:

- There have been no significant changes within the group

Audit scope

- Audit of the financial information of the component using component materiality
- Audit of one more classes of transactions, account balances or disclosures relating to significant risks of material misstatement of the group financial statements
- Review of component's financial information
- Specified audit procedures relating to significant risks of material misstatement of the group financial statements
- Analytical procedures at group level

Significant risks identified

Significant risks are defined by ISAs (UK) as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Risk	Risk relates to	Reason for risk identification	Key aspects of our proposed response to the risk
The risk that revenue includes fraudulent transactions	Council and Fund	<p>Under ISA (UK) 240 there is a rebuttable presumed risk that revenue may be misstated due to the improper recognition of revenue. This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.</p>	<p>Having considered the risk factors set out in ISA240 and the nature of your and the Fund's revenue streams, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:</p> <ul style="list-style-type: none"> • there is little incentive to manipulate revenue recognition; • opportunities to manipulate revenue recognition are very limited; and • the culture and ethical frameworks of local authorities, including yourselves, mean that all forms of fraud are seen as unacceptable. <p>Therefore we do not consider this to be a significant risk for you.</p>
Management over-ride of controls	Council and Fund	<p>Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities. The group and Fund face external scrutiny of its spending and this could potentially place management under undue pressure in terms of how they report performance.</p> <p>We therefore identified management override of control, in particular journals, management estimates and transactions outside the course of business as a significant risk for you and the Fund, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • evaluate the design effectiveness of management controls over journals; • analyse the journals listing and determine the criteria for selecting high risk unusual journals; • test unusual journals recorded during the year and after the draft accounts stage for appropriateness and corroboration; • gain an understanding of the accounting estimates and critical judgements applied by management and consider their reasonableness with regard to corroborative evidence; and • evaluate the rationale for any changes in accounting policies, estimates or significant unusual transactions.

Significant risks identified

Risk	Risk relates to	Reason for risk identification	Key aspects of our proposed response to the risk
Valuation of land and buildings	Council	<p>You revalue your land and buildings on an annual basis to ensure that the carrying value is not materially different from the current value or fair value (for surplus assets) at the financial statements date. This valuation represents a significant estimate by management in the financial statements due to the size of the numbers involved (£913m) and the sensitivity of this estimate to changes in key assumptions.</p> <p>Management have engaged the services of a valuer to estimate the current value as at 31 March 2019.</p> <p>We therefore identified valuation of land and buildings, particularly revaluations and impairments, as a significant risk, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • evaluate management's processes and assumptions for the calculation of the estimate, the instructions issued to the valuation experts and the scope of their work; • evaluate the competence, capabilities and objectivity of the valuation expert; • write to the valuer to confirm the basis on which the valuations were carried out; • challenge the information and assumptions used by the valuer to assess completeness and consistency with our understanding; • test, on a sample basis, revaluations made during the year to ensure they have been input correctly into your asset register and financial statements; and • evaluate the assumptions made by management for any assets not revalued during the year and how management has satisfied themselves that these are not materially different to current value.
Valuation of the pension fund net liability	Council	<p>Your pension fund net liability, as reflected in your balance sheet as the net defined benefit liability, represents a significant estimate in the financial statements and group accounts.</p> <p>The pension fund net liability is considered a significant estimate due to the size of the numbers involved (£219 million in your balance sheet) and the sensitivity of the estimate to changes in key assumptions.</p> <p>We therefore identified valuation of your pension fund net liability as a significant risk, which was one of the most significant assessed risks of material misstatement.</p>	<p>We will:</p> <ul style="list-style-type: none"> • update our understanding of the processes and controls put in place by management to ensure that your pension fund net liability is not materially misstated and evaluate the design of the associated controls; • evaluate the instructions issued by management to their management expert (an actuary) for this estimate and the scope of the actuary's work; • assess the competence, capabilities and objectivity of the actuary who carried out your pension fund valuation; • assess the accuracy and completeness of the information provided by you to the actuary to estimate the liability; • test the consistency of the pension fund asset and liability and disclosures in the notes to the core financial statements with the actuarial report; and • undertake procedures to confirm the reasonableness of the actuarial assumptions made by reviewing the report of the consulting actuary (as auditor's expert) and performing any additional procedures suggested within the report.

Other risks identified

Risk	Risk relates to	Reason for risk identification	Key aspects of our proposed response to the risk
Valuation of Level 2 Investments	Fund	<p>While level 2 investments do not carry the same level of inherent risks associated with level 3 investments (of which the Fund currently do not hold), there is still an element of judgement involved in their valuation as their very nature is such that they cannot be valued directly.</p> <p>We therefore identified the valuation of the Fund's Level 2 investments as an other risk</p>	<p>We will:</p> <ul style="list-style-type: none"> • gain an understanding of the Fund's process for valuing Level 2 investments and evaluate the design of the associated controls; • assess the nature and basis of estimated values and consider what assurance management has over the year end valuations provided for these types of investments; • agree the reconciliation of information provided by the individual fund manager's custodian and the Pension Scheme's own records and seek explanations for variances; • request year-end confirmations from investment managers and custodian; and • for any direct property investments agree values in total to valuer's report and undertake steps to gain reliance on the valuer as an expert.

We will communicate significant findings on these areas as well as any other significant matters arising from the audit to you in our Audit Findings Report in July 2019.

Other matters

Other work

The Fund is administered by you, and the Fund's financial statements form part of your financial statements.

Therefore, in addition to our responsibilities under the Code of Practice, we have a number of other audit responsibilities in respect of you and the Fund, as follows:

- We read your Narrative Report and Annual Governance Statement and any other information published alongside your financial statements to check that they are consistent with your financial statements and the Fund on which we give an opinion, and consistent with our knowledge of you.
- We carry out work to satisfy ourselves that disclosures made in your Annual Governance Statement are in line with the guidance issued by CIPFA.
- We carry out work on your consolidation schedules for the Whole of Government Accounts process in accordance with NAO group audit instructions.
- We carry out work to satisfy ourselves on the consistency of the pension fund financial statements included in the pension fund annual report with the audited Fund accounts.
- We consider our other duties under legislation and the Code, as and when required, including:
 - Giving electors the opportunity to raise questions about yours or Fund's 2018/19 financial statements, consider and decide upon any objections received in relation to the 2018/19 financial statements;
 - Issue of a report in the public interest or written recommendations you or Fund under section 24 of the Act, copied to the Secretary of State.
 - Application to the court for a declaration that an item of account is contrary to law under Section 28 or for a judicial review under Section 31 of the Act; or
 - Issuing an advisory notice under Section 29 of the Act.
- We certify completion of your audit.

Other material balances and transactions

Under International Standards on Auditing, "irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure". All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in this report.

Going concern

As auditors, we are required to "obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the group or the Fund's 's ability to continue as a going concern" (ISA (UK) 570). We will review management's assessment of the going concern assumption and evaluate the disclosures in the financial statements.

Materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law. Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Matter	Description	Planned audit response
1	<p>Calculation and determination</p> <p>We have determined planning materiality (financial statement materiality determined at the planning stage of the audit) based on professional judgment in the context of our knowledge of you and the Fund, including consideration of factors such as stakeholder expectations, financial stability and reporting requirements for the financial statements.</p> <p>We determine planning materiality in order to:</p> <ul style="list-style-type: none"> – estimate the tolerable level of misstatement in the financial statements – assist in establishing the scope of our audit engagement and audit tests – calculate sample sizes and – assist in evaluating the effect of known and likely misstatements in the financial statements. 	<ul style="list-style-type: none"> • We have determined financial statement materiality based on a proportion of the gross expenditure of the group and you for the financial year. In the prior year we used the same benchmark. Materiality at the planning stage of our audit is £8.7m (PY £8.7m) for the group and the Authority, which equates to 2% of your prior year gross expenditure on cost of services. • For the Fund, we have determined financial statement materiality based on a proportion of the Fund's net assets. In the prior year we used the same benchmark. Our materiality at the planning stage is £7.7m (PY £7.7m) which equates to 1% of your actual net assets for the year ended 31 March 2018.
2	<p>Other factors</p> <p>An item does not necessarily have to be large to be considered to have a material effect on the financial statements. We design our procedures to detect errors in specific accounts at a lower level of precision which we deem to be relevant to stakeholders.</p>	<ul style="list-style-type: none"> • We have not identified any balances where we will apply lower materiality levels. We will undertake testing on senior officers remuneration which is below the materiality levels as these are considered sensitive disclosures.
3	<p>Reassessment of materiality</p> <p>Our assessment of materiality is kept under review throughout the audit process.</p>	<ul style="list-style-type: none"> • We reconsider planning materiality if, during the course of our audit engagement, we become aware of facts and circumstances that would have caused us to make a different determination of materiality.
4	<p>Matters we will report to the Audit and Governance Committee</p> <p>Whilst our audit procedures are designed to identify misstatements which are material to our opinion on the financial statements as a whole, we nevertheless report to the Audit, Governance and Standards Committee any unadjusted misstatements of lesser amounts, other than those which are 'clearly trivial', to those charged with governance. ISA 260 (UK) defines 'clearly trivial' as matters that are clearly inconsequential, whether taken individually or in aggregate and whether judged by any quantitative or qualitative criteria.</p>	<ul style="list-style-type: none"> • In the context of the group and you, we propose that an individual difference could normally be considered to be clearly trivial if it is less than £436k (PY £436k). • In the context of the Fund, we propose that an individual difference could normally be considered to be clearly trivial if it is less than £385k (PY £385k). • If management have corrected material misstatements identified during the course of the audit, we will consider whether those corrections should be communicated to the Audit, Governance and Standards Committee to assist it in fulfilling its governance responsibilities.

Value for Money arrangements

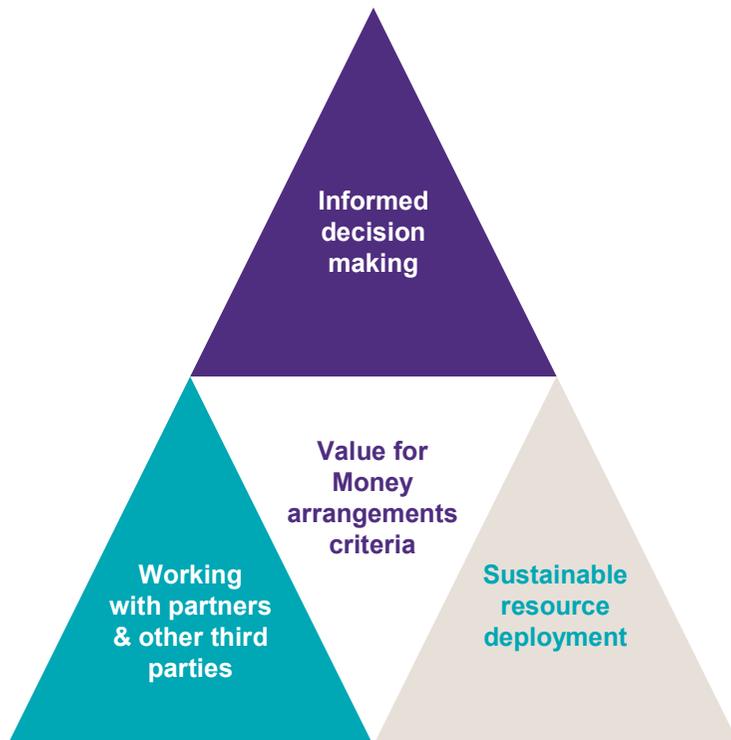

Background to our VFM approach

The NAO issued its guidance for auditors on Value for Money work in November 2017. The guidance states that for Local Government bodies, excluding Pension Funds, auditors are required to give a conclusion on whether you have proper arrangements in place to secure value for money.

The guidance identifies one single criterion for auditors to evaluate:

“In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.”

This is supported by three sub-criteria, as set out below:

Significant VFM risks – page 1 of 2

Those risks requiring audit consideration and procedures to address the likelihood that proper arrangements are not in place at the Council to deliver value for money.

Budget Management

You are currently projecting a £1m overspend on the 2018/19 budget. Should the position worsen then this will increase the pressure into 2019/20.

In response to this risk we will:

- Assess your understanding of, and responses to, the pressures and causal factors contributing to the 2018/19 overspend.
- Consider whether you have adequate arrangements to manage those pressures and to secure a sustainable financial position.
- Review your plans to respond to pressures within AfC and the Growth Directorate.
- Review the recovery boards progress in managing overspends within AfC and the Dedicated Schools Grant including reviewing the SEND Transformation programme.
- Consider your approach towards the use of reserves.

Savings and medium term financial planning

At the time of setting the 2018/19 budget you had a £5.2m budget gap for 2019/20 which increases to £16.8m by 2021/22. You are working to close the gaps via identifying future savings and increasing your income.

In response to this risk we will:

- Consider your revised arrangements to identify and deliver savings and efficiencies to support a sustainable medium term financial position.
- Consider the feasibility of planned savings and the assessed risk of achievement.
- Review the arrangements for identifying and monitoring risk, and taking appropriate action in the event of non-realisation of planned savings.
- Assess how well the medium term financial plan reflects planned timescales for the delivery of savings from your cross cutting approach, and how well aligned the medium term financial plan is with the planned financial benefits anticipated.

Value for Money arrangements continued

Significant VFM risks – page 2 of 2

Those risks requiring audit consideration and procedures to address the likelihood that proper arrangements are not in place at the Council to deliver value for money.

Brexit

With the UK due to leave the European Union on 29 March 2019, there will be national and local implications resulting from Brexit that will impact on you and which you will need to plan for.

In response to this risk we will:

- Review your arrangements and plans to mitigate any risks on Brexit. Our review will focus on areas such as workforce planning, supply chain analysis and impacts on finances including investment and borrowing as well as any potential impact on the valuation of your assets.

Audit logistics, team & fees

Iain Murray, Engagement Lead

Iain will be the main point of contact for the Chief Executive, statutory officers and Members. Iain will share his wealth of knowledge and experience across the sector providing challenge, sharing good practice, discussing pragmatic solutions and acting as a sounding board with Senior Management and the Audit, Governance and Standards Committee. Iain will ensure our audit is tailored specifically to you and is delivered efficiently. Iain will review all reports and the team's work focussing his time on the key risk areas to your audit.

Paul Jacklin, Senior Audit Manager

Paul will work with the senior members of the finance and executive teams, ensuring early delivery of testing and agreement of accounting issues on a timely basis. Paul will attend Audit, Governance and Standards Committee meetings, undertake reviews of the team's work and draft reports, ensuring they remain clear, concise and understandable to all. Paul will work with Internal Audit to secure efficiencies and avoid duplication, providing assurance for your Annual Governance Statement.

Keith Mungadzi, Assistant Manager

Keith will support Paul in his work to ensure the early delivery of audit testing and lead on a number of complex accounting issues. He will oversee the implementation of Grant Thornton's new audit methodology and perform reviews of the team's work.

Audit fees

The planned audit fees are £85,077 (PY: 110,490) for the financial statements audit of the group, and £16,170 (PY: £21,000) for the financial statements audit of the Fund, completed under the Code, which are inline with the scale fees published by PSAA. In setting your fee, we have assumed that the scope of the audits, do not significantly change.

Where we are required to respond to requests received from other auditors of other bodies for assurance in respect of information held by the Fund and provided to the actuary to support their individual IAS 19 calculations these will be billed in addition to the audit fee on a case by case basis.

Our requirements

To ensure the audit is delivered on time and to avoid any additional fees, you must ensure that:

- All audit queries in our interim and final work are responded to in a timely manner and all required samples provided to enable completion of the interim audit prior to the March Audit, Governance and Standards Committee.
- The draft accounts are provided to us by 31 May and are fully accurate with minimal errors. Supporting schedules to all figures in the accounts and other working papers are provided to us by 31 May and in accordance with the agreed upon information request list. This must include all notes, the narrative report and AGS.
- The agreed data reports are available to us at the start of the audit and are reconciled to the values in the accounts, in order to facilitate our selection of samples. All supporting schedules are clearly presented and agree to figures in the accounts.
- Key management and accounting staff identified in our information request list are available throughout the duration of our audit visits to help us locate information and to provide explanations.
- All audit queries are resolved promptly and fully and within agreed timescales.

If any of the above requirements are not met, we reserve the right to postpone our audit visit and charge fees to reimburse us for any additional costs incurred.

Independence & non-audit services

Auditor independence

Ethical Standards and ISA (UK) 260 require us to give you timely disclosure of all significant facts and matters that may bear upon the integrity, objectivity and independence of the firm or covered persons relating to our independence. We encourage you to contact us to discuss these or any other independence issues with us. We will also discuss with you if we make additional significant judgements surrounding independence matters. We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements. We confirm that we have implemented policies and procedures to meet the requirements of the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements. Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in December 2017 and PSA's Terms of Appointment which set out supplementary guidance on ethical requirements for auditors of local public bodies.

Other services provided by Grant Thornton

For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to the Authority and the Fund. The following other services were identified.

Service	£	Threats	Safeguards
Audit related			
Certification of Housing capital receipts grant	TBC	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as the fee for this work for 2017/18 was £2,500 in comparison to the total fee for the audit of £85,077 and in particular relative to Grant Thornton UK LLP's turnover overall. Further, it is a fixed fee and there is no contingent element to it. These factors mitigate the perceived self-interest threat to an acceptable level.
Certification of Teachers' Pension return	TBC	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as the fee for this work for 2017/18 was £4,200 in comparison to the total fee for the audit of £85,077 and in particular relative to Grant Thornton UK LLP's turnover overall. Further, it is a fixed fee and there is no contingent element to it. These factors mitigate the perceived self-interest threat to an acceptable level.
Certification of Housing Benefits claim	TBC	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as the fee for this work for 2017/18 was £28,802 in comparison to the total fee for the audit of £85,077 and in particular relative to Grant Thornton UK LLP's turnover overall. Further, it is a fixed fee and there is no contingent element to it. These factors mitigate the perceived self-interest threat to an acceptable level.

The amounts detailed are fees agreed to-date for audit related and non-audit services to be undertaken by Grant Thornton UK LLP in the current financial year. These services are consistent with the group's policy on the allotment of non-audit work to your auditors. All services have been approved by the Audit and Governance Committee. Any changes and full details of all fees charged for audit related and non-audit related services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be included in our Audit Findings report at the conclusion of the audit. None of the services provided are subject to contingent fees.
